Subject: PCS Brd Mem /Prog Mgrs City Council Nov. 12

Hello everyone,

As we discussed at our last meeting, we need to appear before the Philomath City council. We need to thank them for the funding they gave us (total \$5,000) and now is a good time. The elections will be over, and we can recognize the outgoing council members and Mayor for their service to community, and funding during these recent years. Lets all go and show our thanks for their money, support, and services.

We can thank the new councilors and Mayor-elect for volunteering to serve. We have enjoyed a good relationship with the city for many years. Just last week the city approved our use of their property for a paved parking lot. They also approved our use of a roadway connecting our property back onto Ninth Street on the south side of our facility. And, of course, our garden area is city property which we are allowed to use. The city management, and the public works department have responded to our every need.

As we move forward in to this new "Board Development" process, our future looks good, and our programs are operating well and serving more families each day. New board members will improve our board and our long serving program managers will enjoy the improved relationships.

If you will not be able to attend the council meeting, ask a volunteer from your program to attend. The meeting begins promptly at 7 PM.

Thanks for all you do,

Don Gist  
interim VP
