Marti,

As you can see from the attached letter that will go out today to all Dept. heads, your suggestion has been well taken. On behalf of everybody on the board we very much appreciate your willingness to personally contact and talk to Dot and Carey.

Jeff

Hi Jeff

Yes, I think they should get a letter on letterhead – email is easy to miss and not as personal. If they go out today, they will have them tomorrow! ☺
I will call Dot and Carey tomorrow after they get mail and encourage them to attend.

Hope you both had a “relaxing” (ha) weekend

Marti

Marti,

The e-mail version of the letter went out to “ALL” Department heads Friday the 28th with the full board being cc'd a copy, so you should have that. Would you like me to transfer the text in the email to PCS letterhead and individually address a copy to all of the Department Heads? If so, how would you like that sent out, U.S. Mail or as an attachment via email? Hope you are enjoying your time off.

Jeff and Debbie
