Betty,

I believe your language, tone and accusations are **totally unacceptable**. I do not like to see anyone accused of wrongdoing without proper documentation. Where is **your actual proof of wrongdoing** and are you sure that you **are accusing the right person**? Peggy is reviewing the books, **if mistakes have been made, they were made by the Treasurer, who controls the money and is supposed to give the Board a "Treasurer's Report" every month for our review.** When was the last time you saw a true "Treasurer's Report"?

I can not believe that even for a second you think that we should have the Oregon Dept. of Finance and Securities or any other agency investigate these groundless accusations. At the August Board Meeting Peggy has already informed the Board that a complaint has been filed with the Attorney General's Office against PCS, **and when Jeff asked for particulars Peggy said it was against Jeff, not PCS.**

I completely agree with Ken St. Pierre's earlier reply, "*I seriously doubt that any money has been used inappropriately. We are not in the hole. Sure we have spent money but not for anything that wasn't authorized by the board. Let's settle down and look at the big picture. OK?*"

Remember the beachball at our January Retreat? We are all different, but we are all on the same team, everybody needs to remember that.

Debbie Thorpe
