Subject: Re: State Farm Funds

I want to know how this can be, What the hay/heck or better yet, hell?

I thought all was good from our meetings this past spring (2012) I want to know how this can be? Was it due to someone commingling funds or worse yet, someone messing with the books? Maybe it is time for a third party (Oregon Dept. of Finance & Securities to investigate)??? We have become a crazy entity that has no clarification on our intents & deeds under your leadership & so called- El-Presidente crap- that you spew!!

What have you done/or pissed off now Jeff? We deserve an explanation!!! NOW

Betty

Subject: State Farm Funds

Dear Board Members,

I have been reviewing the State Farm bank account and have found that PCS is in the hole \$10,835.55.

The Food Bank funds is a total of \$62,057.84 that have been deposited in state farm and Edward Jones accounts.

The Kids Kloset has a total of \$7,913.32 that was deposited in both accounts total.

The balance of funds in State Farm is only \$59,135.61 as of 06/30/2010.

I think we need to curb all spending until after the holiday drive. and that we work hard to get grants for the upcoming spending for the freezers.

If any one wants to meet at the office we can review the books.

Thank You
Peggy Clark
